Asset Group Asset Group Attachment Attribute Attribute Search		Beta Functionality
Attachment For er th Attribute Properties Attribute Search Attribute Searc	In asset is either created by purchasing or by deliveri a product. An asset can be used internally or be a c stomer asset.	
Attribute Properties P	he group of assets determines default accounts. If a asset group is selected in the product category, asset are created when delivering the asset.	-
Attribute Search At Si Si a a fir a e al hi tri	or System Maintenance Only. The Maintain Attachm nts window is used for diagnostic purposes to display he attributes of an attachment.	-
Si a fir a e al hi tri Attribute Set De es rit	roduct Attribute like Color, Size, etc.	×
es rik tr	ttributes are specific to a Product Attribute Set (e.g. size for T-Shirts: S,M,L). If you have multiple attribute and want to search under a common sttribute, you de ne a search sttribute. Example: have one Size search attribute combining the values of all different sizes (S for Dress Shirt XL,L,M,S,XS). The Attribute Search llows you to have all values available for selection. It is eases the maintenance of the individual product at ibute.	
Attribute Set Instance	Define Product Attribute Sets to add additional attributes and values to the product. You need to define a Att bute Set if you want to enable Serial and Lot Numberracking.	
, unbate cet metanec		×
Auction Buyer A	buyer is a User in the system participating in Auction	i 🗸
Auction Seller A	seller is a User in the system participating in Auction	· ·
	he Auction Topic Type determines what kind of aucti n is used for a particular area	~
er	uto assignment allows to derive values based on oth r values. Example is to assign the sales rep based on he Country.	
	change notices can be linked to BOMs or be stand al ne.	~
Balance Aggregation		×
cc	he Bank Window is used to define the banks and ac ounts associated with an organization or business pa ner	×
ec th ta ge s cc cc	The Process Bank Statements window allows you to reconcile your Bank Statements. You can either enter the line items from the statement in the Statement Line ab or select the 'Create From' button to automatically enerate the statement from all unreconciled payment to this bank account. Once you have completed reconciling, select the 'Process Statement' button to mathe payments as reconciled and update the appropriate GL accounts.	e /: -:
